Standard Guide for Use of Certification of Coating Conformance Form¹

This standard is issued under the fixed designation D 5063; the number immediately following the designation indicates the year of original adoption or, in the case of revision, the year of last revision. A number in parentheses indicates the year of last reapproval. A superscript epsilon (ϵ) indicates an editorial change since the last revision or reapproval.

1. Scope

- 1.1 This certification of coating conformance form provides procurement information concerning products being furnished in accordance with a specific coating specification and additional requirements contained in the purchase order (see Fig. 1).
- 1.2 The completed form can be utilized to help evaluate the acceptability of the paint being furnished.

2. Referenced Documents

- 2.1 ASTM Standards:
- D 16 Terminology for Paint, Related Coatings, Materials, and Applications²

3. Instructions for Completing Certification Form

- 3.1 Use only known and industry accepted descriptions. Standard definitions of terms relating to paint, varnish, lacquer, and related materials are provided in Terminology D 16 (see Fig. 2).
- 3.2 The sections are self-explanatory. Applicable information in Section II should be provided by the buyer. Applicable information in Section III should be provided by the seller.
- 3.3 For two-component coatings, separate forms should be provided for each component, if appropriate.

4. Keywords

4.1 certification form; conformance form

CERTIFICATION OF COATING CONFORMANCE FORM

Number:

I. GENERAL TYPE AND DESCRIPTION:

Generic Type:

Manufacturer's Designation:

Specification Number:

Formula Number:

Number of Components:

Component Identification (if applicable):

Color:

II. BUYER INFORMATION:

Name and Address:

Purchase Order Number:

Release Number (if applicable):

Part Number (if applicable):

Item Number (if applicable):

Stock Number (if applicable):

III. SELLER INFORMATION:

Name and Address:

Seller's Representative:

(Include Telephone Number)

Batch Number:

Lot No.:

Date of Manufacture:

Date of Expiration of Certification:

IV. CERTIFICATION:

This is to certify that the above material being furnished has been manufactured in accordance with the specification and meets all specification requirements contained in the above purchase order.

CERTIFICATION OF CONFORMANCE FORM

Number: A001 Date: 6/26/88

I. GENERAL TYPE AND DESCRIPTION:

Generic Type: Polyamide Epoxy
Manufacturer's Designation: Perfect Paint 1234
Specification Number: MIL-P-24441
Formula Number: Formula 150
Number of Components: Two
Component Identification: Component A

Color: Green

II. BUYER INFORMATION:

Purchase Order Number:

Name and Address: American Shipbuilders

1234 Easy St. Anytown, USA 0001-0002

Release Number (if applicable): #1
Part Number (if applicable): 11B
Item Number (if applicable): #3
Stock Number (if applicable): 4321

III. SELLER INFORMATION:

Seller's Representative:

Name and Address: Perfect Paint Co.

11 Profit St. Paint City, USA I.B. Responsive 703/123-4567 88-F-01

(Include Telephone Number) 703/123-4
Batch Number: 88-F-01
Lot Number: 0001
Date of Manufacture: 6/20/88
Date of Expiration of Certification: 6/19/89

IV. CERTIFICATION:

This is to certify that the above material being furnished has been manufactured in accordance with the specification and meets all specification requirements contained in the above purchase order.

I.M. Xpert, Tech Director 6/26/88

The American Society for Testing and Materials takes no position respecting the validity of any patent rights asserted in connection with any item mentioned in this standard. Users of this standard are expressly advised that determination of the validity of any such patent rights, and the risk of infringement of such rights, are entirely their own responsibility.

This standard is subject to revision at any time by the responsible technical committee and must be reviewed every five years and if not revised, either reapproved or withdrawn. Your comments are invited either for revision of this standard or for additional standards and should be addressed to ASTM Headquarters. Your comments will receive careful consideration at a meeting of the responsible technical committee, which you may attend. If you feel that your comments have not received a fair hearing you should make your views known to the ASTM Committee on Standards, 100 Barr Harbor Drive, West Conshohocken, PA 19428.
